

MUHAMMAD IBRAHIEM

Lahore, Pakistan | Ibrahiem6161@gmail.com | 03134790184 | github.com/Ibrahiem17

Full-Stack Development · Docker · CI/CD · React Native

Skills

Languages	C/C++, JavaScript, Java, SQL
Frontend	React, React Native, HTML, CSS
Backend	Node.js
DevOps	Docker, Kubernetes, GitHub Actions, CI/CD, Cloud Computing
Databases	SQL, Firebase, Supabase
Concepts	Operating Systems, Computer Networks, Agile/Scrum, OOP, DSA

Projects

Driver Monitoring System

Final Year Project, 2025–2026

Real-time AI system detecting unsafe driving behaviors (drowsiness, distraction, phone use) using computer vision. Paired with a web-based admin dashboard for fleet-level monitoring and incident reporting.

AlphaCRM

github.com/Ibrahiem17

Full-stack CRM (React · Node.js · SQL) with CRUD operations, pipeline tracking, and role-based access. Reduced deployment overhead by ~60% with Docker and GitHub Actions CI/CD.

HireReady

AI interview-prep Android app (Java · XML) with role-specific question generation and real-time feedback. Firebase Authentication and Firestore for accounts and data; OpenAI API for answer evaluation, Gemini API for the chatbot, and OkHttp for networking.

Dr. Ibo Brain Training

Google Play Store

Published brain-training game with 7 cognitive mini-games, boss battles, and a coin economy. Built with React Native (Expo) and shipped via EAS Build.

FreelancePay

Colosseum Frontier Hackathon

Trustless freelance payment escrow on Solana (Rust · Anchor · Next.js). Five on-chain instructions drive an escrow state machine with a client revision loop, IPFS deliverable uploads, and 6 LiteSVM integration tests.

Experience

Teaching Assistant

Nov 2025 – Feb 2026

Software Project Management, UMT Lahore

- Facilitated Agile/Scrum sprint planning workshops; reviewed student project deliverables for SDLC best practices.

Android Developer Intern

Apr 2025 – May 2025

Hex Software (Remote)

- Developed Android features using Java and Android Studio; integrated RESTful APIs and delivered UI components following Material Design guidelines.
